Measuring achievement during the pandemic

- Variables:
 - Shifting instructional models (distance, hybrid, in-person)
 - Education interruptions due to quarantines
 - Testing schedule and locations for distance learners
 - 2021 statewide assessments not included in accountability measures
 - MDE has advised school districts not to compare statewide testing results with previous years

Statewide Assessments - Purposes

- Provide a window into equitable opportunities for students to learn the standards in Reading, Math, and Science (MCA/MTAS)
- Measure a broad snapshot of student learning of grade level standards
- Measure progress in English Language Development for English Learners (ACCESS/Alternate ACCESS)

COVID-19 Impacts on Assessments (2019-2021)

Statewide Testing

- MCAs & MTAS and ACCESS
 - Cancelled 2020
 - Administered in 2021
 - Lower participation rate than in previous years
 - Do not use for trend comparisons

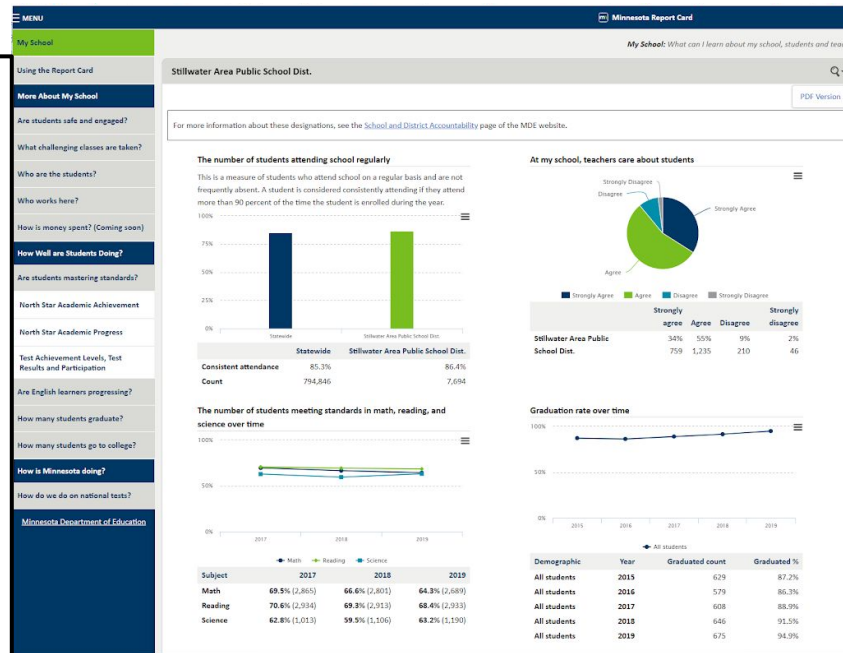

Districtwide Testing

- Fastbridge (K-5)
 - 2019-2020:
 - K-1: fall only
 - 2-5: fall and winter
 - 2020-2021:
 - K-1: fall and spring
 - 2-5: fall, winter, and spring
- NWEA MAP (6-8)
 - 2019-2020 and 2020-2021: Administered fall and early spring

Success Highlights

88 of 216 students (41%) in second and third grade with fall scores in the “Some Risk” category grew beyond national grade level averages and ended the year with a spring score in the “Low Risk” or “Advanced” categories on the aReading assessment.

83 of 166 students (50%) grew out of the “High Risk” category from fall to spring in grades 2-5 on the aMath assessment.

With approximately 90% of Fall 2021 FastBridge testing complete:

- 70% of Kindergarten students are in Low Risk on earlyReading and 82% on earlyMath
- 72% of 1st grade on earlyMath
- 80% of 3rd grade aMath
- 78% of 4th grade on aReading

Systems & Structures

- **PowerSchool & Performance Matters** → Timely access to current and longitudinal data for school and district leaders, teachers, and staff; ability to visualize data for individuals, small groups, and large groups through various lenses
- **Multi-Tiered Systems of Support** → Identify students for reading and math interventions & provide support through ADSIS, Title I, & scheduled WIN time
- **Data Snapshot** → Revised spreadsheet of relevant data for Board review in fall, winter, & spring
- **Conferences** → Communicate with families about child's academic progress and performance

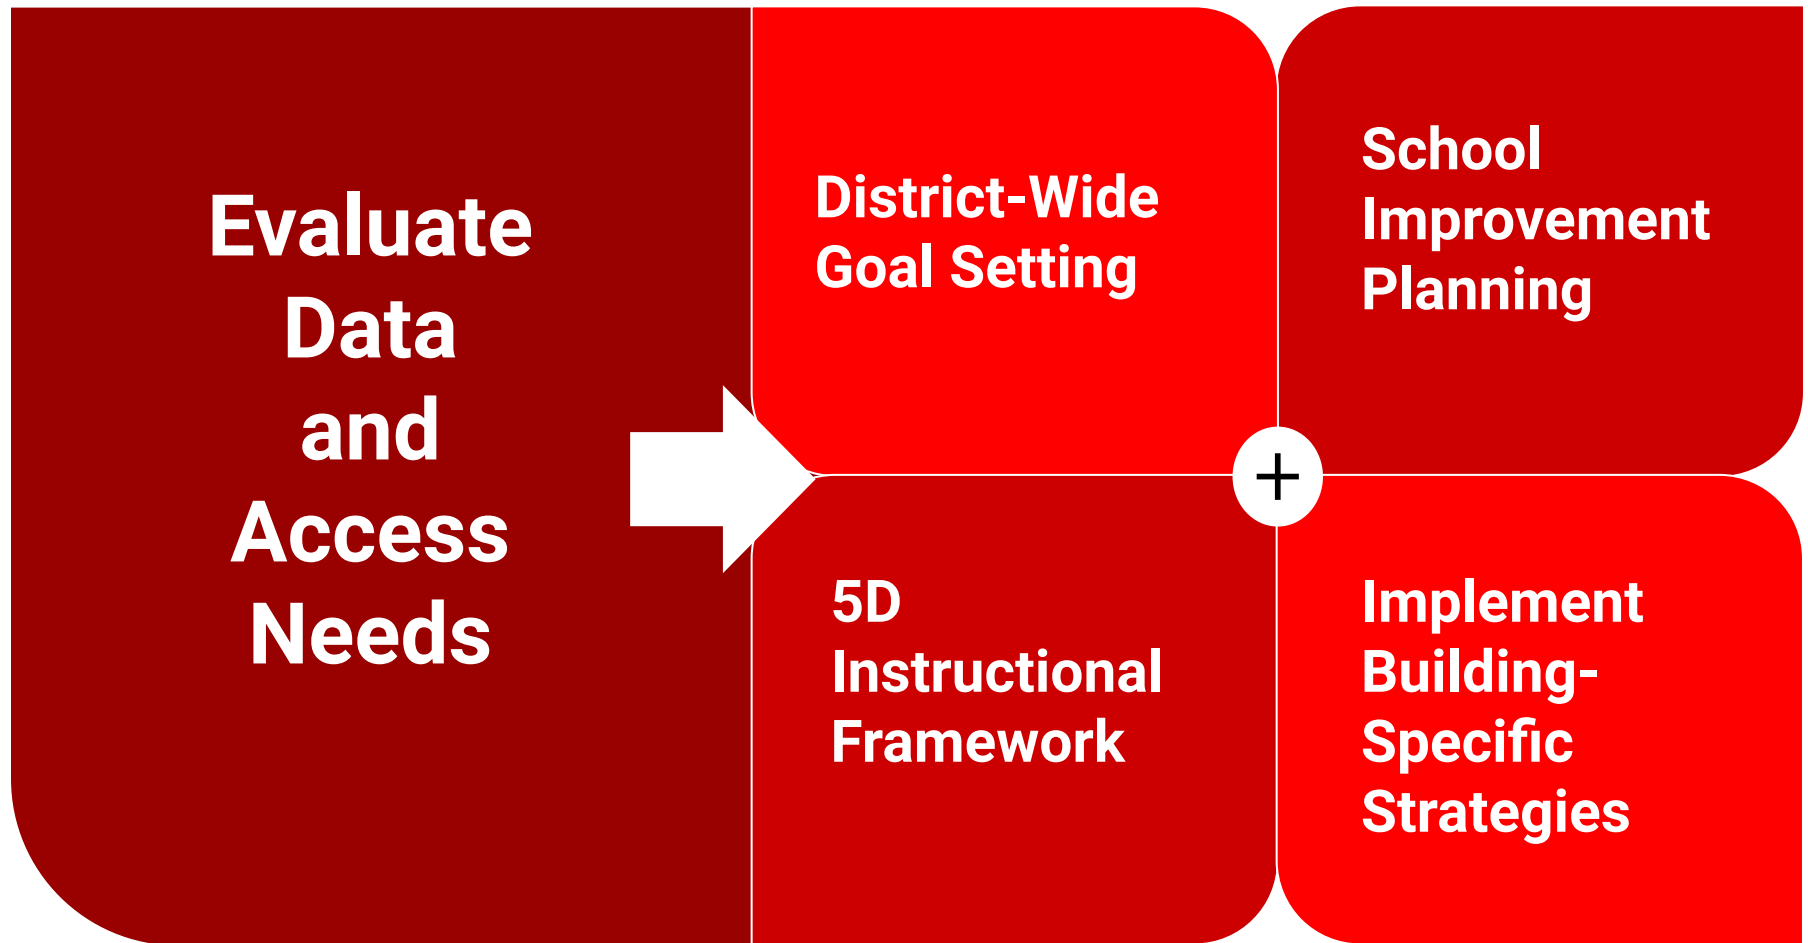

Professional Development & Training

- **PowerSchool & Performance Matters** → Direct training for key staff members and online training for all staff
- **Instructional Coaching** → Job-embedded professional development with district support that includes data collection, analysis, and action plan development

- **Standards-Based Alignment of Curriculum, Instruction, & Assessment** → center standards in instructional decision making
- **Professional Learning Communities (PLCs)** → strengthen data-driven PLCs to accelerate progress and performance through collaborative efforts
- **Instructional coaching** → strengthen and deepen coaching within and across schools
- **Academic calendar** → include seasonal data analysis and action planning days
- **PowerSchool suite implementation** → integrate technology resources to effectively support the curriculum, instruction, & assessment
